5.12.18 2 In regard to the recent G.O. sanctioned for enhancing the rates of scholarships

to medical students ~~of the~~ a stipend of Rs. 15/- a month has been sanctioned to students undergoing training as Sub-assistant Surgeons.

The enhanced rate was sanctioned in the case of students studying in the Rayapuram Medical School from 1st July 1918. The Senior Surgeon recommends the same concession being shown to the 1st & 2nd year stipendiaries in the local medical school & to the student studying in the Poona Medical School. Draft sanctioning is submitted for approval.

3 Next, a higher rate of scholarship is fixed in the same order for graduates ^{desiring} ~~studying~~ for a medical degree, viz Rs. 20/- and Rs. 30/- for an undergraduate. The Senior Surgeon had even before the increase

40 in question raised the same question. (Vide his letter of 26.8.1918), but Government did not view it favourably. He considered that the distinction should be recognised only so far as selection is concerned, and that as the expenses, course of study, & medical qualifications were practically the same, no difference in the rates should be made. Apparently the object of the draft was to attract candidates with superior qualifications.

4 The other point urged by him is about the number of scholarships assigned in the language of the order, but for order

Sir,

With reference to G.O. No.G.7849-51-Med: 130-16-4 dated 29-10-18, I have the honour to state that the said order proposes "to revise the number and rates of scholarships" for the different grades of the Medical service" in supersession of all previous orders and accordingly fixes the number of scholarships for Medical degrees at 3 to be available only to Lady candidates at Rs60/- (to graduates) and 50 (to undergraduates) against 6 scholarships at Rs40 and 30, (without distinctions of sex, sanctioned in G.O.No.1112-4-Edn. 37-18-2 32-8-1818, which is also suspended by the present order. The wording of the paragraph headed "medical degrees" in the present G.O. seems to require some modification to bring it in accordance with the statement appended thereto-making the total number of scholarships as 9, of which 6 are for male candidates and 3 for lady candidates.

Again in my D.O. letter No.G.C.69 dated 26-6-18 (not referred to in the G.O under reference) I brought to the notice of the Government the need for a reconsideration of the order of 2nd August 1918 in respect of the different rates of scholar
